

WINDSCREEN CLEANER

Spanjaard Windscreen Cleaner is designed for addition to the windscreen washer reservoir.

APPLICATION

Removes grease, dirt, insects etc from the windscreen. It is best to activate the windscreen / water spray as soon as possible after the windscreen gets dirty, to prevent dirt (especially insects) from being baked onto the surface, making removal difficult.

Ensures smear-free vision - day and night.

APPLICATION INSTRUCTIONS

Add 125ml of the 500ml bottle to the vehicle windscreen washer bottle reservoir.

Note: Also available as a single-use concentrate.

TYPICAL PROPERTIES

Colour	Blue
Density at 20°C, g/ ml	0,99

HANDLING AND STORAGE

Store under cover.

Causes serious eye irritation. If swallowed, seek medical advice immediately. Keep out of reach of children.
